

## Receptra™ RELIEF Formulation

### Added Benefits

Whether it's from your physically demanding lifestyle, general discomfort, or injury recovery, your relief needs to meet you at the bar you've raised.

### Turmeric

Receptra's carefully-chosen Turmeric is 95% Curcumin, which is a powerful anti-inflammatory, antioxidant, digestive aid and may improve brain and heart health.

### Oil Blend

The blend of oils in our Relief tinctures provide Omega 3 and Omega 6 fatty acids which help with the uptake of both cannabinoids and curcuminoids (turmeric).

### Arnica

Topically, Arnica Oil can heal bruises more quickly, soothe inflammation, ease muscle pain, and alleviate stiffness or joint discomfort.

### Camphor

Camphor opens pores to improve the delivery of all ingredients in Receptra's Targeted Topical™ Relief balm.

## Additional Receptra™ Products

### Serious REST

Supports serious sleep and keeps the mind and body at ease. Receptra's Serious Rest CBD Drops and Capsules with chamomile include the added benefits of Linalool Terpenes and hints of Valerian Root.

### Seriously RELAX

Receptra Relax Hemp Extracts are formulated to encourage a calm focus while providing a natural defense for life's daily stresses. Capsules are a great on-the-go option and Relax Body Oil is the ideal complement to a daily regimen or to promote relaxation when you need it most.

### Serious CBD for Wellness

Receptra Serious CBD for Wellness is a minimal-ingredient, full spectrum hemp extract option. This product is for both those with advanced wellness needs, and for those new to using Receptra Naturals products.

### Receptra PET

The same Endocannabinoid System found in the human body that activates our cannabinoid receptors is also found in any animal with vertebrae, making CBD a natural way to proactively care for their health and well-being.

REST. RELAX. RELIEF.  
RECEPTRA.
